

# galvannealed

We maintain a balanced inventory with a diverse product mix. Majestic is one of the nation's only distributors to stock both galvanized and galvannealed steel - Not only that, we carry light gauge and heavy gauge galvannealed.

But our service extends far beyond our selection. We'll work with you to develop an inventory management solution that suits your business and optimizes your cash flow.

# galvannealed sizes

## Decimals (Gauges)

- 0.0187 inch min (26 gauge) - 0.1292 inch min (10 gauge)

## Grades

- Commercial Steel (CS)
- Deep Drawing Steel (DDS)

## Coils

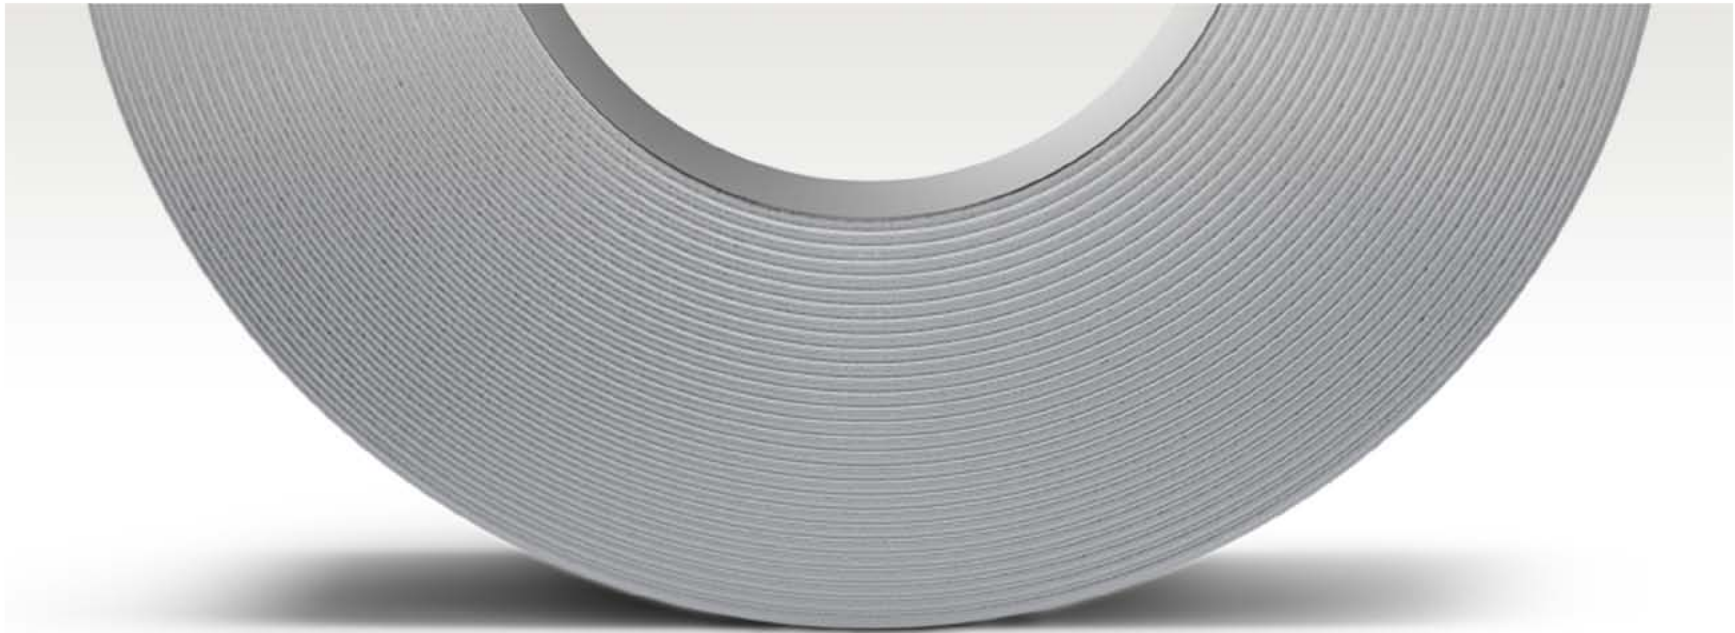

- 36-inch
- 48-inch
- 60-inch
- 5.394-inch slit coil
- 5.5-inch slit coil
- 5.625-inch slit coil

## Sheets

- 36 x 96 inches
- 36 x 120 inches
- 48 x 96 inches
- 48 x 120 inches
- 60 x 120 inches

Custom coil and sheet sizes readily available upon request.

# surfaces

## Surface treatments

- Chem treat dry
- Non-chem treat dry
- RoHS compliant chem treat

## Coating weights

- A40
- A60

Custom coating weights readily available upon request.

Chem treat is also referred to as chemically treated, chromate treated and passivated.

Most products are ordered as tension leveled to help ensure flatness and prevent fluting and are available in UL (Underwriter Laboratories) approved coating weights.

**Specialty treatments**

- Embossed
- Beaded
- Perforated

# specialty treatments

# processing capabilities

**M** MAJESTIC STEEL USA

## Cut-to-length specs

- Red Bud precision equipment with in-line Herr-Voss levelers
- 0.010 inch (32 gauge) to 0.159 inch (8 gauge)
- Width capacity 72 inches
- Minimum length capacity 12 inches
- Maximum length capacity 215 inches

## Slit coil specs

- Braner equipment
- 0.010 inch (32 gauge) to 0.159 inch (8 gauge)
- Minimum 0.5 inch cuts
- Inside Diameter (ID) capacity 20 inches
- Outside Diameter (OD) capacity 72 inches
- Width tolerance +/- 0.005 inch

## Shearing specs

- 0.010 inch (32 gauge) to 0.159 inch (8 gauge)
- Minimum 1.0 inch cuts
- Width capacity 120 inches
- Length capacity 120 inches

Ask a member of our sales team to learn more about our blanking capabilities. Custom processing readily available upon request.
